

# BURR YACHT SALES- 65 FLEMING

## Standard Equipment:

### HULL and CONSTRUCTION

Solid fiberglass laminate commensurate for hull size  
Vinylester resin for outer laminations below waterline  
Full Length stringers and athwartships frames  
Pettit or equal barrier coat below waterline  
Keel extending below running gear  
Solid s/s axe blade rudders w/ Aqualoy 22 stocks  
Simulated planking grooves  
CE Approved S/S portlights

### AFT DECK AREA

Teak decking in cockpit  
Flush lazarette hatches w/ hinges and gutters  
Swim Step, FRP non-skid w/ S/S hardware  
Telescopic ladder under swim platform  
Transom door  
Wide teak covering boards  
S/S ladder to flybridge w/teak treads  
Engine room access w/ steps  
Seadog latches for salon doors  
Shower fittings in cockpit adjacent to transom door  
FW washdown spigots in transom  
Shore inlets for 220v 50A AC, Telephone & TV  
Overhead lighting, S/S fixtures  
Indirect lighting in cockpit  
Chocks at hullsides and transom  
Heavy duty cleats inside bulwarks  
Deck scuppers plumbed through transom  
Integrally molded seats and cockpit lockers

### SIDE DECKS

Teak Decking  
Teak cap rail on bulwarks  
S/S Handrails along house sides  
Bulwark doors opening inboard  
Courtesy lights on sidedecks and up portugese bridge  
Two sets of spring line chocks per side  
Non-spill fuel fills in steps port and stbd  
Steps to Portuguese bridge deck with teak treads

### PILOTHOUSE DECK LEVEL

Teak decking  
Portugese Bridge  
Teak rail cap  
Locker doors in aft face of portugese bridge  
Sliding pilothouse doors port and stbd with weatherseals  
Hinged doors P & S to foredeck w/ gas spring retainers  
Screen wash and heavy duty self-park wipers on w/s  
Untinted tempered 9mm glass in fwd facing w/s

### FOREPEAK

Chain compartments w/ light  
Watertight collision bulkhead  
Sole and forepeak drains directly overboard  
Bitter end fittings  
Hatch scuppers

### FORWARD DECK

Integrally molded non-skid on decks and trunktop  
Cabin trunk with CE approved s/s skylight –storage lockers  
Teak rail cap on bulwarks  
Fiberglass anchor platform w/ rollers deck lockers either side  
Shore inlets for 220v, TV and phone  
Deckwash outlet bibs for SW and FW  
Two sets of chocks each w/ 2 14" s/s cleats per side

### FLYBRIDGE

Lexan venturi w/stainless steel rail  
Steering console with electronic engine controls  
Helmseat for two persons at raised console station  
Electronics console w/ engine instrumentation  
Rudder angle indicator  
Advisory lights for bilge and generator AC power  
L-Setee & corian top table stbd side- straight setee to port  
Buell airhorn with twin trumpets  
Aquadigital nav lights to collision regulations  
24v to 12v converter w/ 12v battery backup USCG req

### BOAT DECK

Integrally molded non-skid on deck  
Hinged radar arch w/ signal mast  
S/S 1,500 lb davit w/ power slewing, luffing & hoisting  
Hinged hatch to cockpit ladder

### LAZARETTE

Steering gear  
Deck and hatch scuppers  
Sole board- starboard plastic  
Hull finish glossy white poly paint  
Overhead s/s lights  
400 gal water tanks

### ENGINE ROOM

Aquadrives w/ thrust plate, CV joints ad soft engine mounts  
Bronze dripless shaft seals  
FRP fuel tank- one piece internally divided fillable either Port  
or Stbd side, wing tanks P&S  
Fuel transfer system w/ pump  
Equipment platforms  
Main engine exhaust system- underwater  
Engine room exhaust blower system  
Heavy duty sound insulation covered w/ perforated aluminum  
Engine access hatches dogged down on gaskets  
Fire suppression system w/ shut down override  
baffles to close off e/room air intakes  
Bilges painted with glossy white poly paint  
Soleboard covered w/ lonseal vinyl  
FW fills for engines  
Submersible bilge pump  
Control panels w/ start/stop buttons for both main engines  
2 oil change systems to transfer clean and dirty oil from  
engines, transmission and generators  
Hynautic steering system- power assist  
AC and DC lighting  
Coolant recovery tanks on main engines & generator

## **SALON**

Fixed windows and sliding doors at aft end  
Tempered grey tinted glass  
Wood boat blinds  
Teak joinery w/ satin varnish hand rubbed finish  
Teak and holly sole  
Overhead light fixture on dimmers  
Ultra-suede (or leather) headliner  
Access hatches to allow for engine removal

## **GALLEY**

Granite countertops  
Quartzite composite sinks  
Garbage disposer- Insinkerator  
Sharp convection microwave oven  
Kenyon 220v flush cooktop w/ touch control and potholders  
20.5 cu ft side by side refrigerator  
Teak and holly sole  
Overhead light fixtures  
Trash compactor  
Drawers with guides and stops, Cabinets  
Ground-fault 110v outlets- Duplex  
Faucet w/ removable sprayer

## **PILOTHOUSE**

Chart table with double guide drawers and stops  
Chart light on flexible arm w/ red lens  
Dismountable control console w/ ample space for electronics  
Engine instruments on panels- Caterpillar Electronic  
Horn control  
Rudder angle indicator- w/ dimmer  
Electronic engine controls- Glendinning  
Compass w/ dimmer  
Overhead console for electronics  
Overhead light fixtures- LED Red- White  
Stairs up to f/b, down to salon  
Alarm advisory panel  
Teak and holly sole  
L-Setee with table w/ storage in leg on raised area  
Deck Head w/ Tecma head, washbasin, granite  
Countertop and storage locker  
Windshield glass 9 mm

## **PASSAGE**

Teak and holly sole  
Access doors to staterooms  
Teak lower level with chair rail/handgrip  
Ultra-suede or leather on upper walls  
Overhead xenon lighting

## **FORWARD STATEROOM**

Four s/s CE- approved portlights  
CE approved skylight for light and emergency exit  
Insect and blackout screens for skylight  
Foam mattress  
Teak lockers either side of bed  
Two hanging lockers- teak faced double louvered doors  
Teak and holly sole  
Beveled edge mirror  
Indirect lighting, overhead halogen lights  
Bureau/vanity on aft side of stbd bulkhead  
Head with shower stall- corian grate

Temp shower mixer faucet, beveled mirrors

Towel rails, ground-interrupt outlets, Headhunter toilet

Granite or marble counters

## **PORT GUEST CABIN**

Twin berths or one double w/ headboard(s)  
Hanging locker  
Bureau/ Vanity with drawers  
Berth lights  
Teak and holly sole  
Beveled mirror

## **STARBOARD GUEST ROOM**

Upper/Lower berths, upper sliding  
Vanity w/ drawers  
Berth Lights  
Teak and holly sole  
Beveled mirror

## **GUEST HEAD**

FRP shower stall w/ corian grate  
Temp shower mixer faucet, beveled mirrors  
Towel rails, ground-interrupt outlets, Headhunter toilet  
Granite or marble counters

## **MACHINERY**

Caterpillar C-12- 700 hp inline 6 cylinder turbo diesel  
4 Blade Nickel Aluminum bronze propellers  
Aqualoy 22 hi-strength 2 3/4" shafts  
Cutless-type shaft bearings  
Shaft struts- recessed I strut in shaft pocket  
Aquadrive anti-vibration system  
Bronze dripless shaft seals  
Glendinning electronic controls at p/house, flybridge & cockpit  
Sea Strainers  
Racor 1000FG dual fuel filters for mains, F500 for gensets  
Fuel transfer pump  
Fiberglass fuel tanks- 1700 gallons total  
Headhunter neo-classic bowls at each head  
Tecma toilet in pilothouse day head  
Toilet flushing for both SW and FW  
Fiberglass 200 gallon holding tank with level monitor  
Headhunter pump for holding tank- back up DC Sealand pump  
Anti-odor filters on holding tank vents  
Mach 5 headhunter AC pump w/ XCaliber DC back-up pump  
20 gallon S/S water heater- Two  
Saltwater pump headhunter Xcaliber  
Flushing line connected to holding tank (SW)  
Rule 3700 GPH bilge pumps (3)  
Cruisair air conditioning 220v with remote compressors & SMX controls at all zones: Salon, Port cabin, Forward cabin, Master cabin, Pilothouse

## **ELECTRICAL**

21.5kW (220V 60Hz) ONAN generator w/ soundshield  
220/110v AC system with shore inlets for 220v  
Split panel system for AC/DC  
24v DC system for ships main  
12v DC sub panel via converter w/ backup battery on f/b  
Distribution panels w/circuit breakers AC & DC  
Link 10 battery monitor  
Tinned copper wire used throughout  
Two 3.5 Kw Outback inverters connected in parallel  
Battery charger- starting 24v –40 amp  
100 amp alternators each engine w/ multistage external  
Regulator  
880 ampere-hour AGM deep cycle batteries to inverter  
Ball-type seacocks on all thru hulls  
Alarm panel for engine functions, bilge fire, raw water flow  
Copper ground strap or cable connected thru hulls

---

## **Options Standard to Burr boats:**

Aft Cockpit controls- stbd locker  
Glendinning Cablemasters- 2 aft in stern  
Portugese bridge doors port & starboard  
Single Stidd Low-back Luxury Admiral helmseat w/  
Ultraleather □  
Teak overhead handrail in salon  
Teak high low table in salon  
Covered granite bar & sink on flybridge aft of helmseat  
Flybridge refrigerator under helmseat

Salon L-setee to port, Entertainment center to starboard, TV  
lift in Entertainment center (TV not included)  
Bar aft of salon couch w/ granite top, sink &  
refrigerator/icemaker combo  
Maxwell hydraulic windlass w/ capstan & gypsy (2)  
Upgrade standard 21.5 Kw genset to 27.5 Kw  
American Bowthruster stabilizers w/ hydraulic pumps on both  
engines  
Bow Thruster- ABT 38 hp hydraulic from engine PTO  
Stern thruster- ABT 20 hp hydraulic
